

# THE CLASSICAL TRADITION

◆ANCIENT◆MEDIEVAL◆RENAISSANCE◆ROMANTIC◆MODERN◆

The Greek and Roman imagination has fed the literature, art and thought of the Western world from antiquity until today: the god and the hero, the warrior and the wanderer, the lover and the schemer, the statesman and the dissident .... Poets, artists, thinkers and doers, all stake-holders in the Classical Tradition: let it feed your ideas too.
